BrailleNote Touch - Online Training Wizard

Welcome to HumanWare's BrailleNote Touch online education training program. Here you will find all the information you require to have a successful and enjoyable experience with the BrailleNote Touch. The online education training program is delivered via the web in small, manageable modules that are categorised into areas relevant to your learners' needs.

Each module will give a brief description of the learning objectives in addition to highlighting the benefits for teachers, TVL parents and students. All modules contain the necessary resources required to accomplish the learning objective with easy to read step-by-step guides.

Have fun, keep learning and achieve greater things with the prosperity of braille literacy.
